Description

The UFO (uniform frequency orbiter) Pro strobelamp is a finely machined and balanced record clamp designed to improve the dynamics and reduce noise floor when playing LPs. It also has a one-of-a-kind built-in speed strobe for accurate adjustment of platter velocity. The crystal-based circuit runs at 75Hz such to reduce visual interference from normal room lighting.

Package Contents

- UFO
- Extra set of batteries

Specifications

Item	Specification
Weight	1.2 lb. (0.5 kg)
Size	3" diameter, 3.3" tall
Strobe Frequency	75.000 Hz
Speed Markings	33.3, 45, 78
Battery Life	25 hours continuous
Battery Type	1/2AA lithium 3V

Operation

The UFO is simple to use, just place on the record spindle. Strobe lights are turned on and off by the pushbutton located at the top.

Maintenance

Batteries can be purchased at some local drug or camera stores. They can also be obtained from Digi-Key (www.digikey.com) part number **439-1000**. Always change both batteries at the same time.

The aluminum housing can be safely cleaned and shined with any appropriate metal polish.

Replacing Batteries

Remove the four screws holding the top cover in place. Batteries are installed in the plastic holders. Make sure polarity (“+” sign) is correct.
